MERN Stack Developer

Enthusiastic MERN Stack Developer with a strong foundation in web development and a keen interest in crafting immersive user experiences. Proficient in HTML, CSS, and JavaScript, with a solid grasp of React JS, Node JS, Mongo DB, Express JS principles. Collaborative team player known for contributing innovative solutions and adapting swiftly to evolving technologies. Excited to apply expertise in building dynamic and responsive web applications, while embracing ongoing learning and development in a dynamic workplace.

Experience

11/2023 - 06/2024

SOFTIPAI DIGITAL MARKETING AND SOFTWARE COMPANY

MERN Stack Developer

As a MERN Stack Developer at Softipai Software Company, I bring expertise in crafting dynamic and intuitive user interfaces tailored to meet Iran's specific market and ayyanmobile.com demands. I excel in developing responsive web applications that seamlessly integrate with local systems and languages. Leveraging the power of React JS, I adeptly translate design concepts into functional components, ensuring seamless interaction and performance optimization. My expertise lies in harnessing MERN Stack ecosystem to deliver scalable

Solutions that drive business growth and innovation.

Projects

React Native

I have create many projects in React Native.

1. Helping Hand
2. Homo Cooked

React

I have create many projects in React.

1. E-commerce
2. Sale and Purchase Management System
3. Doctor Appointment System
